OUTSTANDING MADE EASY!

★ ENHANCE YOUR PERFORMANCE, LOOK PROFESSIONAL AND GET NOTICED!
LED Brite Pack Lighting System
Put on your sun shades – this one is powerful! Four ultra-bright PAR lights (each with 7 x 3-watt tri-color LEDs) are mounted on the main control/power bar. The included 4-pedal footswitch controls auto-chase selection, sound-active chase selection, static color selection (8 color choices) and black out. Two or more units can be linked via master/slave mode for a synchronized light show. Can be manually controlled by a DMX controller with your choice of 5-channel or 14-channel modes. With the foot controller disconnected, 8 static colors can be selected via the LED function display on the control bar. Includes heavy-duty tripod stand (height up to 7 feet) and padded, form-fitted carry case. Each slim-design PAR light is only 3” thick and the entire bar is 48” long... perfect for mobile entertainers, band and DJs. Lux @ 1m = 8778. Total power consumption: 90 watts. Shipping box: 52” x 23” x 8”. Weight: 40 lbs.
LEDBRITEPACK | List $799.00
LEDBRITECABLE | List $15.00

LED 4-Floor Par System
Four on the floor! Designed for performers who do not need a tripod stand, each of the four thin-design PAR fixtures has dual yokes for floor use. Each PAR houses 108 bright 10mm LEDs (36 red, 36, green, 36 blue) and is only 7.5” square and 2” thick, allowing them to be conveniently placed around a stage or dance floor. Each PAR connects with one 16-foot cable that carries both power and data: less things to plug in on stage! The included 4-pedal footswitch controls auto-chase selection, sound-active chase selection, static color selection (7 color choices) and black out. Two or more units can be linked via master/slave mode for a synchronized light show. Can be manually controlled by a DMX controller (15 channels). The main power center is 15” x 4” x 2” and contains the connections for the four lights, the footswitch, XLR/DMX connections and main power for the whole system. Ideal for mobile entertainers, bands or DJs that would rather spread their lights around than have them on one stand. The power center has ears for pipe clamps and the PARs can be hung like traditional lights for use on ceilings or trusses. Total power consumption: 40 watts.
LEDFLOORPACK | List $479.00
LEDFLOORCABLE | List $15.00
LED 4X4 Pack Lighting System
Compact and Portable! Four ultra-bright PAR lights (each with 4 x 3-watt tri-color LEDs) are mounted on the main control/power bar. The included 4-pedal footswitch controls auto-chase selection, sound-active chase selection, static color selection (7 color choices) and black out. Two or more units can be linked via master/slave mode for a synchronized light show. Can be manually controlled by a DMX controller (15 channels). With the controller disconnected audio chase or speed chase can be selected. Includes heavy-duty tripod stand (height up to 7 feet) and heavy-duty carry bag. Each slim-design PAR light is only 1.5” thick, 6” in diameter and the entire bar is 36” long... perfect for mobile entertainers, band and DJs. Total power consumption: 50 watts. Shipping box: 50” x 16” x 6”. Weight: 30 lbs.
LED4X4PACK | List $579.00

LED Gig Pack Lighting System
WINNER! - Best New Lighting Product 2010!
A compact LED lighting system with its own carry case! The LEDGIGPACK includes 4 slim-design spots (only 2” thick) in red, yellow, blue and green. Each spot uses ultra-bright 10mm LEDs: 108 per color, 432 total. The cool-running, low power-usage LEDs only consume 15 watts per spot: 60 watts for the total system. The spots connect to the control T-bar for power and functions. Included is a 4-pedal foot switch with capability for full-on, individual spot selection, group selection and chasing. Audio chase with sensitivity control knob built onto the control T-bar. Heavy-duty tripod stand goes to 8 feet high. Includes form-fitted carry case (the size of an electric bass guitar case) for easy portability and quick set up.
LEDGIGPACK | List $499.00
LEDGIGCABLE | List $15.00

SETUP MADE EASY!
No worries if you’re late to the gig. Sets up in minutes. Watch how easy it is at mbtlighting.com.
LED Gig Pro Lighting System
Includes 4 slim-design spots (only 2” thick) already mounted and pre-wired to the power T-bar. Each spot uses ultra-bright 10mm LEDs: There are 180 LEDs in each light: 60 red, 60 green, 60 blue: 720 total, powerful LEDs! The cool-running, low power-usage LEDs only consume 22 watts per spot: 88 watts for the total system. Included is a 4-pedal foot switch with capability for full-on, 6-color selection, chasing patterns and blackout. Audio chase with sensitivity control knob built onto the control T-bar. Linkable to other LEDGIGPRO sets via master/slave mode. 15 DMX channels for use with conventional DMX controllers. Heavy-duty tripod stand goes to 8 feet high. Includes form-fitted carry case (the size of an electric bass guitar case). Box dims: 58” x 6” x 20” 37.5lbs.

**DIM4STAGE** | List $539.00
LED 8 Plus 8

Eight lenses combine with 8 scanning mirrors to create dazzling, sweeping “flowering” effects. Behind each lens are 15 bright red, green and blue LEDs (120 total LEDs). Built-in patterns create brilliant chases and inward and outward sweeping effects. 3 modes of operation: freestanding auto or sound active, master/slave linking and DMX control (11 channels). 4-button LED display on rear for function selection. Ideal centerpiece for a nightclub or mobile DJ. Size: 16” x 16” x 12”. Weight: 22 lbs. Total power consumption: 60 watts.

LED8PLUS8 | List $299.00

LED 6-Pack

Six large lenses combine with three internal, rotating mirror dishes to project over 150 colorful beams moving and flashing to the beat of music. Lights source is three bright 1-watt LEDs (red, green and blue). 3 modes of operation: audio-active, auto and DMX control (4 channels). Master/slave linking capability. Compact size (7” x 8” x 9”) and light weight (only 9 pounds) make it ideal for mobile applications. Total power consumption only 14 watts.

LED6PACK | List $239.00
LED 4-Eyes 🌞
Four lenses in a “wave” pattern, each with 32 bright LEDs behind them work together to create a 4-moonflower light show. 128 total LEDs: 32 red, 32 green, 32 blue, 16 white, 16 amber. 3 modes of operation: freestanding auto/sound active, master/slave linking and DMX control (3 channels). Built-in chasing programs react to auto speed or beat of music via mic and sensitivity knob. Compact size (20” x 8” x 8”) and light weight (just 8 lbs) - perfect for mobile entertainers and bands. Total power consumption: 20 watts. 
LED4EYES | List $199.00

LED Cinco 🌞
Five lenses combine with 160 bright LEDs (32 behind each lens) for a wild chasing-pattern light show. Built-in programs run through tons of interesting, color-changing chases. 3 modes of operation: freestanding auto or sound-active, master/slave linking and DMX control (3 channels). Use it as a centerpiece in a nightclub ceiling or as a “beamer” effect on a stand (or the floor if you’re mobile). Total power consumption: 25 watts. 13” x 13” x 10”. Weight 15 lbs. 
LEDCINCO | List $199.00
LED Spray 4

Four large, 2.5" diameter lenses, each with an LED pod behind it containing 20 red, 15 green, 12 blue and 9 white LEDs (224 total LEDs). Creates a 4-moonflower light show using dazzling, built-in chasing and flashing patterns. 3 modes of operation: free-standing auto/sound active mode, master/slave linking and DMX control (select 4 or 7-channel modes). Wide beam coverage for a DJ, band or nightclub. 20” x 13” x 6”. 11 lbs. Total power consumption: 20 watts.

LEDSPRAY4 | List $199.00

LED Spray DMX

WINNER! - Best New Lighting Product, 2009! 7-lenses incorporate 189 bright LEDs in red, green, blue and WHITE (27 for each lens). Built-in, sound active programs for awesome flashing, sweeping effects in stand-alone or master/slave modes. Or, use a DMX controller (9-channels) to control each lens individually. 3-pin XLR input and output. Low power (20 watts), low heat and no moving parts make this the ideal choice for DJs, band and clubs.

LEDSPRAYDMX | List $239.00
LED Mini Dancer
This 12-lens “double derby” light uses three bright 3-watt LEDs (1 red, 1 green, 1 blue) to project as many as 36 colorful beams that twist, turn and flash to the beat of music. 3 modes of operation: freestanding sound-active, master/slave linking and DMX control (6 channels). A new LED twist to a classic design! Compact size (10” x 12” x 7”) and light weight (11 lbs) make it ideal for mobile DJs, clubs and bands. Total power consumption: 15 watts.
LEDMINIDANCER | List $199.00

LED Enticer
15 lenses combine with three 1-watt LEDs (1 red, 1 green, 1 blue) to create as many as 45 colorful beams that twist turn and strobe to the beat of music. 3 modes of operation: freestanding auto/sound active mode, master/slave linking and DMX control (6 channels). A new LED twist to a classic design! Compact size (10” x 10” x 13”) and light weight (10 lbs) make it ideal for mobile entertainers, DJs and bands. Total power consumption: 9 watts.
LEDENTICER | List $199.00

LED King Tut
24 one-inch by 1.5” inch clear lenses arranged in a pyramid-shaped all-metal housing. Light source: 6 ultra bright 3 watt LEDs (2 red, 2 green, 2 blue). The result is 144 colorful beams moving around a room or dance floor. Dual operation mode switch: Auto (slow constant beam movement) or Sound (clockwise/counterclockwise beam movement to the beat of music). Audio sensitivity knob. Total power 20 watts. Compact size (11” x 11” x 14”) and lightweight (8.5 lbs) make it ideal for bands, mobile DJ’s and a centerpiece light for small clubs.
LEDKINGTUT | List $199.00
**LED Smart Scan**

A powerful 30-watt LED combines with an internal color wheel, gobo wheel and scanning mirror to create an exciting moving beam. Can be used as a stand-alone sound active light, linked in master/slave mode or manually controlled via DMX controller (8 channels). LCD display shows function selections and DMX settings. 8 colors + white, 8 gobos + open spot. Strobe and gobo shake capability. Compact size (15” x 6” x 8”) and light weight (12 lbs.) make it ideal for mobile entertainers and venues with low ceilings. Total power consumption: 50 watts.

**LEDSMARTSCAN | List $399.00**

**LED Scrambler**

Six large, 3.5” x 5” lenses on a “mushroom”-type base. Inside are three LED pods, each with 16 red, 12 green, 12 blue and 12 white LEDs (156 total LEDs) that rotate to the beat of music. Projects wide, color-changing wash patterns that swirl around a room or dance floor. 3 modes of operation: free-standing auto/sound-active mode, master/slave linking and DMX control (3 channels). Beautiful centerpiece, ideal for nightclubs and mobile DJs. 12” x 12” x 13” 11 lbs. Total power consumption: 20 watts.

**LEDSCRAMBLER | List $219.00**

**LED Mini Caster**

Impressive punch in a small package! 69 LEDs (24 red, 21 green, 24 blue) create dozens of interesting chase patterns that project circles, squares, sweeps, pinwheels, and more. 3 modes of operation: freestanding auto or sound active mode, master/slave linking and DMX control (3 channels: one channel selects individual letters of the alphabet!). Small size (9” x 5” x 6”) and light weight (3 lbs) make it ideal for mobile entertainers, DJs and bands. Total power consumption: 15 watts.

**LEDMINICASTER | List $139.00**
LED Mushroom
Large 8-lens centerpiece effect using 160 bright LEDs in red, green, blue and WHITE. Brilliant “flowering” patterns chase and pulse while the internal LEDs rotate to the beat of music. Colorful, sound-active patterns can be projected on a dance floor, walls or ceiling in stand-alone or master/slave modes. Or, connect to a DMX controller (4 channels) for manual control of the LEDs and rotation motor. 3-pin XLR input and output. Low power (20 watts) and low heat make this an ideal choice for DJ, band and clubs.
LEDMUSHROOM | List $239.00

LED Beehive
36 one-inch round lenses in a dome-shaped all metal housing. Light source: 6 ultra bright 3 watt LEDs (2 red, 2 green, 2 blue). The result is 216 sharp colorful beams moving around a room or dance floor. Dual operation mode switch: Auto (slow constant beam movement) or Sound (clockwise/counterclockwise beam movement to the beat of music). Audio sensitivity knob. Total power 20 watts. Compact size (10” x 10” x 14”) and lightweight (8 lbs) make it ideal for bands, mobile DJ’s and a centerpiece light for small clubs.
LEDBEEHIVE | List $199.00

LED Shimmer
Projects a calming, mesmerizing image of rippling water. Light source is a bright 10-watt white CREE LED. An internal color wheel (6 colors plus white) allows for a constant color-changing image, or use the selector switch to pick a fixed color setting. Focusable front lens. Compact size (9” x 9” x 6”), light weight (8 lbs) and virtually silent operation make it an ideal mood-setter for restaurants, museums, bars, mobile DJs and bands. Total power consumption: 20 watts.
LEDSHIMMER | List $249.00
**LED Moon Bug**
46 bright LEDs arranged in a circular moonflower pattern: 16 red, 15 green, 15 blue. Built in patterns flash and alternate colors to the beat of music (or chases to 1-second clock speed when there’s no music). Simple plug & play operation and an ever-changing light show. Lightweight plastic housing (only 3.5 lbs) and compact 10” x 6” x 6” design make it perfect for mobile DJ’s, band and low-ceiling clubs. Total power: 10 watts.

**LEDMOONBUG** | List $119.00

---

**LED Warrior**
Same 46-LED moonflower pattern as the LEDMOONBUG, but with an additional external 16-sided barrel mirror. The mirror projects as many as 5 images of the ever-changing color pattern and spins them wildly around the room or dance floor to the beat of music. Simple plug and play, sound-active operation. Lightweight plastic housing (only 5 lbs) and compact 17” x 6” x 6” design makes it perfect for mobile DJs, bands and low-ceiling clubs. Total power: 12 watts.

**LEDWARRIOR** | List $139.00

---

**LED Soldier**
Same 46-LED moonflower pattern as the LEDMOONBUG, but with an additional flat scanning mirror. The mirror rotates to the beat of music, taking a single large image of the colorful pattern and scanning it around the room or dance floor. Simple plug and play, sound active operation. Lightweight plastic housing (only 5 lbs) and compact 17” x 6” x 6” design make it perfect for mobile DJs, bands and low-ceiling clubs. Total power: 12 watts.

**LEDSOLDIER** | List $139.00
LED Quadcaster
256 bright LEDs (64 red, 64 green, 64 blue, 64 white) arranged in a square projection pattern. Active matrix technology creates 15 exciting built-in patterns that scan, chase, strobe and bloom onto a dance floor. With fog interesting laser-like aerial effects are produced. DMX, Auto and Sound-active modes. 3-pin XLR inputs for master/slave linking. 3-channel DMX control. 4-button menu selection control w/ digital display. Built-in audio sensor w/ sensitivity control knob. Total power consumption only 36 watts! 12” x 10” x 10” 10 lbs.
**LEDQUADCASTER** | List $359.00

LED Superfly
This large moonflower projector uses 158 bright LEDs in red, green, blue and WHITE arranged in a circular symmetrical pattern. Brilliant, colorful, sound-active patterns can be projected on a dance floor, walls or ceiling in stand alone or master/slave modes. Or, connect to a DMX controller (4 channels) for manual control. 3-pin XLR input and output. Large coverage. Low power (20 watts), no moving parts and low heat make this ideal for mobile DJs, bands or clubs.
**LEDSUPERFLY** | List $219.00

LED Twin Scan
Twin moonflower patterns pulse and chase to the beat of music, while two external mirrors send the beams scanning around the dance floor. Sharp beams are produced by 52 bright red, green and blue LEDs (26 for each lens). Built-in sound-active programs give the effect of two intelligent scanners working together, but no controller is needed. Angled design for wide coverage. Compact size, low power (only 12 watts), low heat and plug-n-play design make this ideal for mobile DJs, bands and clubs.
**LEDTWINSCAN** | List $199.00
LED Robo Ranger ™
This mini, moving head incorporates a strong 10-watt LED, color wheel and gobo wheel for a sophisticated light show. 8 colors plus white, 8 gobos plus open. Precise stepping motors provide ultra-smooth movement: pan 540˚, tilt 270˚. 3 modes of operation: sound control, master/slave linking and DMX (6 channels). Full dimming and strobe control. Stylish, compact housing (10" x 8" x 14") and light weight (12 lbs.) make it the perfect high-tech light show for mobile DJs, bands and clubs.
LEDRANGER | List $779.00

LED Robo Par ™
A sleek mini moving-head combined with a LED par for a color wash you can put anywhere! Uses 3 x 10-watt ultra-bright quad-color LEDs. Each can produce red, green, blue and white so virtually any color can be created through color-mixing. Micro-stepping motors provide precise, quick and smooth movement (pan: 540˚, tilt 220˚). 3 modes of operation: sound-active, master/slave linking and DMX (choose 9 or 16 channels). Full dimming and strobe control. Stylish, compact housing (10" x 8" x 12") and light weight (9 lbs) make it the perfect high-tech light for mobile entertainers and night clubs. Total power consumption: 58 watts.
LEDRBOPAR | List $759.00

LED Robo Spot ™
162 bright LEDs (56 red, 53 green, 53, blue) project a colorful spot that twists and spins in virtually every direction. 3 modes of operation: auto, sound-active and DMX control (4 channels). Pan 360˚, tilt 270˚. The compact LED panel is only 3” x 4”. The entire unit measures 10” x 7” x 10” and weighs 8 lbs. Ideal for bands, clubs or DJs that want the high-tech look of a moving head without breaking the bank! Total power consumption: 50 watts.
LEDRBOSPOT | List $199.00
**LED Saucer**

Like a demented carnival ride, this is one wild effect! A round head covered with 20 clear lenses houses 3 pieces of bright 3-watt tricolor LEDs. The head rotates while pan and tilt mechanisms turn it in all directions. The result is 20 strong, colorful beams spinning around a dance floor like an out-of-control buzz saw!

3 modes of operation: auto, sound active and DMX control (8 channels). Master/slave linking capability.

9” x 9” x 14” . 13 lbs.

**LEDSAUCER** | List $359.00

---

**LED Barrel**

Resembling a mini intelligent scanner, this light uses a 16-sided mirrored barrel cylinder that spins while using panning motion to the beat of music. The light source is a bright 10-watt CREE quad-color LED that projects red, green, blue and white beams. 3 modes of operation: stand-alone sound active, master/slave linking and DMX control (5 channels). Compact size (13” x 7” x 6”) and light weight (8 lbs) and virtually silent operation make it ideal for mobile DJ, bands and night clubs.

Total power consumption: 26 watts.

**LEDBARREL** | List $329.00

---

**LED Boogie**

Twin moonflower patterns pulse and chase to the beat of music. Sharp beams are produced by 94 bright red, green & blue LEDs (47 for each lens). Built-in sound-active programs activate as soon as you turn the music on: no controller needed! Angled design for wide coverage. Compact size, low power (only 12 watts), low heat, no moving parts and ease of operation make this an ideal mobile light show for bands and DJs.

**LEDBOOGIE** | List $139.00
LED Rascal
Projects seven tight beams that change color simultaneously. Light source is one extremely bright 3-watt tricolor RGB LED. 3 modes of operation: Sound activated color change, auto pattern using built-in programs and 4-channel DMX manual control (with any standard DMX controller). Audio sensitivity control. DMX input and output for master/slave linking. Rugged, lightweight plastic housing: only weighs 3 lbs! Compact 12” x 9” x 4” design is perfect for mobile DJs, bands and low-ceiling clubs. Total power: 7 watts.
LEDRASCAL | List $199.00

LED Rotostar White
Brilliant rotating dome projects 34 tight, white beams for a high-tech mirror ball effect. Freestanding and DMX control modes. In manual mode choose constant rotation with speed control or sound-activated strobing and direction change mode. Linkable via XLR inputs and outputs for master/slave operation. 2-channel DMX control for brightness and strobe speed and motor rotation speed and direction. Light source is one extremely bright 3-watt white LED. Lightweight housing (only 4 lbs) and compact 9” x 9” x 7” design make it perfect for mobile DJs, band and low-ceiling clubs. Use flat-mounted on the base or hang using the included bracket. Total power: 12 watts.
LEDROTOSTARW | List $199.00

LED Rotostar Color
Brilliant rotating dome projects 34 tight, color-changing beams for a high-tech mirror ball effect. Freestanding and DMX control modes. In manual mode choose constant rotation with speed control or sound-activated color and direction change mode. Linkable via XLR inputs and outputs for master/slave operation. 3-channel DMX control for brightness and strobe speed, color and motor rotation speed and direction. Light source is one extremely bright 3-watt tri-color RGB LED. Lightweight housing (only 4 lbs) and compact 9” x 9” x 7” design make it perfect for mobile DJs, band and low-ceiling clubs. Use flat-mounted on the base or hang using the included bracket. Total power: 12 watts.
LEDROTOSTARG | List $219.00
LED Dancer 48
This “Derby”-style effect light features 48 clear lenses and 3 bright 1-watt LEDs (red, green and blue). The result is 144 colorful beams showering a dance floor as they move to the beat of music. 3 modes of operation: audio-active, auto and DMX control (6 channels). Master/slave linking capability. 12” x 10” x 8”. 7 lbs. Total power consumption: 20 watts.
LEDDANCER48 | List $199.00

LED Color Spotlight
Advanced LED technology using one powerful 3-watt tri-color LED. Projects a tight spot creating an exciting effect for nightclubs, mobile DJs, band restaurants, more. Includes two lenses 6° and 11°. DMX, Auto and Sound-active modes. 3-channel DMX control to produce almost any color. 3-pin XLR inputs for master/slave mode featuring tons of built-in color-changing programs. Small size and light weight makes it ideal for low ceilings or mobile use (8” x 6” x 6”, 3 lbs.). Only 6-watts total power consumption. Long life, low-heat LED: enjoy the color-changing spot all night!
LEDCOLORSPOT | List $159.00
LED Moon Raker
Uses 162 bright LEDs (60 red, 36 green, 66 blue) arranged in a symmetrical pattern. It features 9 built-in chase programs plus sound active mode. It can be used as a stand-alone light, grouped together in a master/slave mode or controlled manually by a standard DMX controller. Includes 6 DMX control channels, including master brightness and strobe, a 3-pin XLR DMX in and out connections, and a 10 DIP switch bank for DMX addressing and function setting. An audio sensitivity control and hanging bracket are included. A large 8 inch lens allows for huge coverage. Size: 12” x 10” x 12”. Weight: 15 lbs. Power consumption: only 40 watts!

LEDMOONRAKER | List $259.00

LED Moon Doggie
Uses 469 bright LEDs (280 red, 63 green, 126 blue) arranged in 7 clusters. A built-in pre-programmed pattern allows the clusters to chase and “bloom” to the beat of music. Can be used as a stand-alone light, grouped together in a master/slave mode or be controlled manually with a standard DMX controller. Includes 9 channels of DMX control, 3-pin XLR DMX in and out connections and a 10 DIP switch bank for DMX addressing and function selection. An audio sensitivity control and hanging bracket are included. The large 10-inch lens allows for huge coverage. Size: 14” x 12” x 14”. Weight: 20 lbs. Power consumption: only 50 watts!

LEDMOONDOG | List $339.00

LED Mini Moon
Features 84 bright LEDs (36 red, 24 green, 24 blue) arranged in a symmetrical pattern. This colorful LED effect light can be used as a stand-alone sound-active disco light, in master-slave mode so a group of the lights can work in sync or with a standard DMX controller for manual operation. Includes 6 DMX control channels, including master dimmer and strobe functions. There are 9 built-in chase programs plus a sound-active mode. 3-pin XLR DMX in and out connections are available for linking and a 10 DIP switch bank for DMX addressing and function selection. Audio sensitivity control and hanging bracket are included. The small size (10” x 7” x 5”), lightweight (5 lbs) and low power consumption (20 watts).

LEDMINIMOON | List $139.00
LED Kandy Bar - RGB
This one-meter bar contains 216 super-bright, 10mm LEDs (72 red, 72 green, 72 blue) arranged in 24 blocks. Awesome built-in chasing patterns. 3 modes of operation: free-standing auto or sound-active mode, master/slave linking and DMX control (with your choice of 3, 5, 8, 14, or 24 channel control). Static (constant) color selection mode. Includes mounting brackets. Use multiples to highlight an entire stage or dance floor. Total power consumption: 20 watts. 39” x 3” x 3” 8 lbs.
LEDKANDYBARGB | List $199.00

LED Kandy Bar - UV
This one-meter bar contains 192 bright, 10mm UV LEDs for an awesome blacklight effect. LEDs are arranged in 12 groups that chase and flash in lots of interesting patterns. 3 modes of operation: free-standing auto or sound-active mode, master/slave linking and DMX control (2 channels). Static (constant) full-on mode. Includes mounting brackets. Use multiples to highlight an entire stage or dance floor. Total power consumption: 20 watts. 39” x 3” x 3” 8 lbs.
LEDKANDYBARUV | List $239.00

LED Strip Lights
Create your own color combinations - all with one strip! Powerful, bright row of red, green and blue LEDs housed in a clear, 1” diameter tube. Use with the LEDSTRIPBOX to control using pre-programmed color changes or use a standard 4-channel DMX controller. Includes “pigtail” connections on each end to chain multiple strips together. Use to highlight nightclubs, stages, retail stores and more!
LEDSTRIP1 | 140 LEDs, 1-m/39.5” 20W | List $79.98
LEDSTRIP2 | 70 LEDs, 1/2-m/20” 10W | List $53.98
STRIPCORD1M | Connector Cable, 1m | List $6.00
STRIPCORD5M | Connector Cable, 5m | List $12.00

LED Panel Lights and LED Bar Lights
Choose from multiple LED lighting combinations - in one panel! Use as a stand-alone, sound active disco light for clubs or DJs, or use as a strong stage wash for stages and bands. 648 bright LEDs, arranged in 8 zones of 81 LEDs each. Stand-alone/master-slave operation, with built-in chasing and different colors in each zone. 12-channel DMX control for use with standard DMX controllers. Built-in mic for audio chase. Strobe capability in any color. LCD display with jog wheel for menu control. Includes hanging bracket. 55 watts total power.
LEDPANEL | 16” x 8.5” x 3.5” | List $339.00
LEDBAR | 32” x 5” x 3.5” | List $359.00

LED Strip Box
Needed to power and control the LEDSTRIP lights. Includes 10 DIP switches for controlling pre-programmed color changing and strobe effects. XLR input and output for connecting to standard DMX controllers. Includes AC power supply. Powers (8) 1-meter LEDSTRIPs.
LEDSTRIPBOX | List $59.00
LED Color-Mixing Flat Screen
64 red, 64 green, 64 blue LEDs can combine using a DMX controller to project virtually any color in the rainbow. 6 DMX channel control. 8 chase programs plus audio chase. 192 bright LEDs. Can be used with standard DMX controllers or as freestanding lights via built-in programs. 15.5” wide, 9.5” high and only 4” thick, making them very useful to nightclubs, DJs and bands because of its compact size. A hanging bracket is attached so it can be mounted on trussing, stands, walls and ceilings. Includes DMX in and out connections, DIP switches for DMX addressing and an internal audio mic with sensitivity control for sound-controlled functions. Although sophisticated and bright, it only uses 17 watts of power.
LEDFSRGB | List $259.00

LED White Flat Screen
192 white LEDs. Use for general lighting or as a strobe light. 3 DMX channel control. 7 chase programs plus audio chase. 192 bright LEDs. Can be used with standard DMX controllers or as freestanding lights via built-in programs. 15.5” wide, 9.5” high and only 4” thick, making them very useful to nightclubs, DJs and bands because of its compact size. A hanging bracket is attached so it can be mounted on trussing, stands, walls and ceilings. Includes DMX in and out connections, DIP switches for DMX addressing and an internal audio mic with sensitivity control for sound-controlled functions. Although sophisticated and bright, it only uses 17 watts of power.
LEDFSW | List $259.00

LED UV/Blacklight Flat Screen
192 violet/blacklight LEDs. Use as a constant blacklight or as a UV strobe. 3 DMX channel control. 7 chase programs plus audio chase. 192 bright LEDs. Can be used with standard DMX controllers or as freestanding lights via built-in programs. 15.5” wide, 9.5” high and only 4” thick, making them very useful to nightclubs, DJs and bands because of its compact size. A hanging bracket is attached so it can be mounted on trussing, stands, walls and ceilings. Includes DMX in and out connections, DIP switches for DMX addressing and an internal audio mic with sensitivity control for sound-controlled functions. Although sophisticated and bright, it only uses 17 watts of power.
LEDFSUV | List $259.00

LED WOW
WOW is right! 168 ultra-bright LEDs (68 red, 46 green, 44 blue) arranged in circular patterns chase and flash in dozens of preset patterns. Sometimes it’s “blossoming”, sometimes shrinking, sometimes a full-on strobe light. Rear controls include a rotary flash speed control knob. A pushbutton selector switch puts it into sound-active mode: use the rotary audio sensitivity knob to make it flash to the beat of music! A club, DJ or band can install several of these and they’ve got a bright, flashy sound-active light show! Only 15 watts. 8” x 6” x 8”. 3 lbs.
LEDWOW | List $79.00

LED Mini Flash
Although it can fit in your hand this light packs a punch! 24 bright LEDs (8 red, 8 green, 8 blue) chase in a pre-set series of flash patterns. Rotary knob controls chase speed. Only 3 watts! This simple plug-n-play, small-size flasher will bring attention to any club, band, DJ, or retail store! Buy several and put them all over! 5” x 4” x 3”. 1lb.
LEDMINIFLASH | List $25.00

LED White Flat Screen

EFFECT LIGHTS

Roboto

IH9000-1 | List $1,138.00

Triple Rascal
This unique effect has 3 lenses in each window, producing 48 multi-colored beams criss-crossing to the beat of the music. Sound active, with sensitivity control. Includes (2) 120V/300W 64514 lamps.

Dimensions: 18.7” (L) x 18.7” (W) x 9.4” (H). Weight: 10.6 lbs.

ME3690 | List $249.00

Enticer
Two 300-watt lamps and 15 multi-colored lenses combine to create 30 beams that “dance” back and forth to the beat of the music. Sound active with audio sensitivity control. Compact size and light weight make it perfect for mobile or permanent use. Includes (2) 64514 120V/300W lamps.

Dimensions: 12” (L) x 12” (W) x 15.2” (H). Weight: 12 lbs.

Bonus: Extra set of lamps included!

ME2200 | List $219.00
Gyro Copter

This light features two revolving balls that roll around each other. Each ball has large multi-colored lenses and small white lenses for lots of different sized colored beams tumbling around the room. A really nice centerpiece. Includes (2) 24V/150W lamps. Dimensions: 18.1” (L) x 18.1” (W) x 12.2” (H). Weight: 17.6 lbs.

ME9150-1 | List $359.00

Spinster

Multi-colored lenses throw colorful beams around the room as the ball rotates. Includes 120V/150W lamp. Dimensions: 8.7” (L) x 8.7” (W) x 11.0” (H). Weight: 5.5 lbs.

ME9910 | List $115.00

Spinning Star - Color

This large mirror-ball type effect features a bright 300 watt lamp. Over 125 multi-colored lenses produce sharp colorful beams spinning around the room at approximately 10RPM. Great centerpiece effect. Includes (1) 120V/300W lamp. Dimensions: 16.1” (L) x 11.0” (W) x 17.3” (H). Weight: 19.8 lbs. Bonus: Extra set of lamps included!

ME4700 | List $299.00

Spinning Star - White

Just like the Color Spinning Star, but in bright white. Approximately 10RPM. Includes (1) 120V/300W lamp. Dimensions: 16.1” (L) x 11.0” (W) x 17.3” (H). Weight: 19.8 lbs. Bonus: Extra set of lamps included!

ME4710 | List $299.00
**Pinball** 🌟
Small, white pin beams spin around the room to create an unusual mirror ball effect. Includes 120V/150W lamp. Dimensions: 8.7” (L) x 8.7” (W) x 11.0” (H). Light weight - only 5.5 lbs!
**ME9900 | List $109.95**

**Crazy 8** 🌟
Unique MBT design! Eight colorful lamps chase to the beat of the music! Lamps (2 red, 2 blue, 2 green, 2 yellow) operate in pairs. Over 100 combinations of chase/flash patterns. Low profile (only 2.5” thick) allows for convenient hanging on walls or ceilings. Each lamp is bright 120V/50W (same lamps as popular PAR-T light). Includes 8 lamps, hanging bracket and power cord.
**CRAZY8 | List $169.00**

**4 Moons Effect Light Set**
Light show in a box! Package of 4 Moonflower effect lights. One master, three slave lights. The 4 lights work together for a changing, flashing, spinning light show. Sound active. Includes 4 (300W) 64514 lamps. Includes on/off remote.
**ME4400-1 | List $398.00**

**PAR-T Light** 🌟
A colorful, sound-active light show - in a Par Can! Nominated Best New Lighting Product of 2000. Small size and light weight (only 2.5 lbs) make this a perfect choice for DJs and clubs. Four colored lamps chase to the beat of the music in 100 patterns. Includes hanging bracket and (4) 120V/50W lamps. Buy several - this one is going to move!
**PAR-T | PAR-T Light | List $110.00**

**PAR-TBBL | PAR-T/CRAZY8 bulb 120V/50W, Blue | List $8.39**
**PAR-TBGR | PAR-T/CRAZY8 bulb 120V/50W, Green | List $8.39**
EMOTION MADE EASY!
You set the mood.
**Laser Red Green Burst**
Projects thousands of tiny red and green dots for mesmerizing, moving “starry night” and starburst effects! 3 modes of operation: sound-active (with audio sensitivity control), auto and DMX (4 channels). DMX input and output for linking (in DMX mode) and convenient AC power link output. Laser source: 60mW red, 30mW green. Conforms with FDA 21 CFR 1000-1040 laser notices.

*LZ600RG | List $439.00*

**Green DMX Laser**
A bright green laser performs dazzling light shows through auto/preprogrammed mode, sound active mode or DMX controlled mode. Linkable through master/slave mode using 3-pin XLR connections. Audio sensitivity control knob for sound active mode. In DMX modes 6 channels are used to control mode, pattern, pan, tilt, size and scan speed. Heavy duty all metal construction w/ integral hanging yoke. 10mW laser diode uses Big Beam optic design for compliance to regulations for Class IIIA devices. 11” x 8.5” x 6.5”. 9 lbs.

*LZ500 | List $379.00*

**Red Laserbot**
Projects 3-D patterns using a red 4.9 MW laser. 36 patterns (solid and dotted) that can be controlled via 3-way switch for audio-active, auto or manual modes. 3 internal motors, on/off switch. Includes 9V power supply. Compact size is ideal for mobile DJs, bands or small clubs.

*LZ300 | List $79.00*
**PARdelite™ 64 RGB**
Thin design lighting fixture - only 3 inches thick! 168 bright, 10mm LEDs (60 red, 54 green, 54 blue) housed in a sleek, all-metal housing. DMX mode (6 channels), auto color change, audio-active color change, master/slave linking capability and static (constant) color modes. Convenient main power link output for chaining power for up to 10 units. Handy dual yokes allow for traditional hanging or set it on the floor for up-lighting. LCD display for functions and DMX settings. Main housing is 9” x 9” x 3”. Weighs 5 lbs.

**PARdelite™ 64 White**
Thin design lighting fixture - only 3 inches thick! 168 bright, all-white, 10mm LEDs housed in a sleek, white, all-metal housing. DMX mode (2 channels), strobe, auto active flash, master/slave linking capability and static (full on) modes. Convenient main power link output for chaining power for up to 10 units. Handy dual yokes allow for traditional hanging or set it on the floor for up-lighting. LCD display for functions and DMX settings. Main housing is 9” x 9” x 3”. Weighs 5 lbs.

**PARdelite™ 56**
Thin design lighting fixture - only 3 inches thick! 144 bright, 10mm LEDs are arranged in a beautiful flower pattern, so it’s both effective stage lighting AND interesting to look at as a DJ or club light. 3 modes of operation: built-in chasing patterns, audio-active chasing and DMX control (choose 3 or 12-channel control). Master/slave linking capability. Convenient main power link output for chaining power for up to 10 units. Handy dual yokes allow for traditional hanging or set it on the floor for up-lighting. LCD display for functions and DMX settings. Main housing is 8.5” x 8.5” x 3”. Weighs 4 lbs. Total power consumption: 25 watts.

**PARdelite™ 18x3W Tri-Color**
Thin design - only 3 inches thick! 18 ultra-bright 3-watt Tri-color LEDs each contain red, green and blue colors that can be controlled individually for excellent color mixing. 3 modes of operation: built-in color changing, sound active color changing and DMX control (select 3, 4 or 9 channels). Master/slave linking capability. Handy dual yokes allow for traditional hanging or set it on the floor for up-lighting. LCD display for functions and DMX settings. Main housing: 10” x 8” x 3”. Weight: 8 lbs. Total power consumption: 60 watts.

Chase speed can be selected anywhere from four per second up to 20 minutes per channel! An ideal “timer” for an automated light show to turn an effect light on for a few minutes, then switch to the next one. Choice of ten preset chase patterns. Includes eight grounded outlets (1 per channel) and one unswitched (always on) outlet, on/off switch, power cord. 19” rack-mountable, 3.5” high.
CHASE8 | List $199.00

Chase 8 Controller
Use with your CHASE8 relay pack for remote operation. Provides the same control features as the CHASE8, plus eight individual on/off switches to manually control a channel while the unit is chasing. Connects via standard microphone (XLR) cable. 19” rack-mountable, 3.5” high. On/off switch. No A/C power cord required.
CHASE8C | List $79.00

19” Rack Mountable 8-Channel Power Center
6-Foot power cord. 15 amp circuit breaker. Lighted rocker on/off switches for each channel. Eight 3-prong inputs in rear.
PC800 | List $79.95
REPLACEMENTS MADE EASY!

Everything you need to keep your lights in good form.
See pages 53 - 54 for replacement parts and bulbs.

**Professional Portable Trussing Sets**
12-ft. and 10-ft. sets include 2 heavy-duty aluminum stands, 2 interconnecting steel truss units, and 1 connecting unit (splice kit).

- **PST12-1** | Up to 12ft, 12ft wide | List $369.00
- **PST10** | Up to 10ft, 10ft wide | List $219.00

**Pipe Clamp**
Approximately 5 lbs., Diameter 1.5”

- **LS42** | List $12.25

**Quick-Release Lighting Stand Multi-Clamp**
By Ultra.

- **KLSC** | List $18.99

**Extra heavy pipe clamp**

- **PC30X** | List $17.98

**Hanging Bracket**
For A408T1 and DX404, includes mounting screws.

- **LS43** | List $9.98

**DMX Cables**

- **DMX10M** | 10 meter DMX cable | List $30.00
- **DMX1M** | 1 meter DMX cable | List $10.00

**Lighting Truss**
Includes (2) 6-ft. steel truss pieces and (1) splice kit (to connect trusses).

- **LT6** | List $112.00

**Adjustable pipe bracket**

- **SP511** | List $11.98

**Heavy-Duty Pipe Clamp**

- **PC20** | List $8.50

**C Clamp**

- **PC15** | List $7.98

**DMX Terminator Plug**
This adaptor is designed to terminate a 3-pin DMX-414 daisy chain. It features a 120-ohm resistor for a safe termination. By Hosa.

- **DMT414** | List $10.20

**Lighting Stand Bag**
Holds speaker and/or lighting stand. Can hold up to two stands per bag. Nylon.

- **MBTSTDBAG** | List $49.99
Deluxe Lighting Stand
Heavy-duty black anodized aluminum construction has 100 lb. load capacity. Height adjustable from 5’ to 11’. Top tier is 48” long with lighting bolts and mounts onto upper tube of stand. Individual tiers 24” long, with 2 lighting bolts. Easy storage. By Stageline.

SLS1 | Black | List $149.95

Gear Up Lighting Stand
Features: Quick-N-EZ Gear Up, built-in metal leg housing, lightweight all-aluminum tubes, steel T-bar with clip for easy mounting and reinforced dual-brace leg construction. Three-section design for compact packing and greater strength at full height. Integrated safety lock for added security. Height: 64.6” - 137.8”. Weight: 22.4 lbs. Bass Diameter: 72.4”. Load Capacity: 100 lbs. By Hercules.

LS700B | List $367.99
Professional Lighting Stand
Super heavy aluminum with 4’ top cross bar, and support bars. By Adam.
LTS02 | Aluminum, height adjusts to 13’, support bars | List $161.25
LTS02B | Black, height adjusts to 13’, support bars | List $161.25

Professional Lighting Stand
Super heavy aluminum with 4’ top cross bar, and support bars. Height adjusts to 12’. By Adam.
LTS01 | List $132.50

Lightweight Steel Lighting Stand
Black finish with 3’ top cross bar [or 36”]. The pipe is square, 3/4” in diameter. The lowest vertical tube is 1-1/8” in diameter. Each of the three legs poles are 3/4” in diameter. Height adjusts up to 9-1/2 feet. By Adam.
LTS06 | List $86.50

Crank-Up Lighting Stand
LTS03 | List $298.00
“Low Rider” Ice Fog Machine
Chilled fog lays low on the floor as it pours out of the front. Easy load ice compartment uses standard ice cubes. Includes timer remote for automatic fogging with adjustable intervals. Drain tube and water collection bag included. 400 watt heater, 2,000 cubic feet per minute output. Works without ice as a traditional fogger. Metal housing with carry handle.
FMLOWFOG | List $119.00

Fogzilla 2 Fog Machine
Don’t run away! It’s just Fogzilla 2, an economical yet very effective fogger that produces an amazing 3,000 cu/ft/min of thick fog. 700 watt heater provides professional output in a small shell (13” x 7” x 6”, only 9 lbs). All-metal housing. Includes hanging bracket and on/off remote control.
FM880 | List $119.00

Fog Fluid
Professional fog fluid is triple filtered and contains pharmaceutical grade ingredients for clean, thick, white fog.
FOGG4 | (4) 1 gallon bottles | List $128.00
FOGG2 | (2) 1 gallon bottles | List $59.98
FOGG12 | (12) 1 quart bottles | List $108.00
FOGG | 1 Quart | List $10.48

Fazer Fog Machine
Combines the subtle, lighter fog effect of a haze machine with an economical standard fog machine. A dispersing fan spreads the fog as it exits the machine avoiding the thick cloud produced by traditional fog machines. 450 watt heater produces 1800 cu/ft/min of fog. Includes timer remote for auto-operation. Uses standard water-base fog fluid like FOGG4. 15” x 7” x 7”; 7 lbs.
FAZER | List $179.00

Fantom Fogger Fog Machine
Don’t be scared away by its small size! The Fantom Fogger has a big output for a small machine. Rugged plastic housing. Rated output: 2500 cubic feet per minute. Includes on/off remote on a 12 foot cable, 700W heater and 1 liter internal fluid tank.
FM770 | List $79.95

Super Fog Machine
1000 Watt heater. Output: 5,000 cubic feet per minute. Warm-up time: 5 minutes. Fog fluid tank: 1.5 Liters. Includes on/off remote, hanging bracket.
FM5000Z | List $199.00

Fantom Fogger / FM5000Z Options
FM760WR | Wireless Remote | List $29.99
FM760TR | Timer Remote | List $29.99
FM760R | Replacement remote/30 ft. cable | List $29.99

Li’l Critter Fogger
Micro fog machine. Less is more with this little fogger! 1,500 cu/ft/min of thick fog! 400 watt heater includes hanging bracket, On/off remote on a 6’ cable, 9” x 4” x 5”.
FM400 | List $51.00

Pro Super Fog Machine
High power, professional fogger! 1000 Watt heater. Output: 10,000 cubic feet per minute. Warm-up time: 10 minutes. Fog fluid tank: 1 gallon. Includes on/off remote with timer remote.
FM9000Z | List $359.00
Haze Machine
Professional hazer puts out 1,700 cu/ft/min of fine haze to show off beams of lights. Includes HZ1TC timer remote control. XLR in and out for DMX control. Tank capacity 2.5 liters. Use HAZOG or HAZWG fluids below.
HZ300 | List $799.00

Pro Hazer Fluid
HAZOG | Oil (longer-lasting), gallon | List $44.98
HAZWG | Watered (lite), gallon | List $29.00

Hazer Time Controller
On/off, interval and duration control.
HZ1TC | List $99.00

Flurry DMX Snow Machine
Create a powerful wintry effect! A blizzard of simulated snowflakes can be regulated by the included remote (with volume and timer control). DMX input for use with any standard DMX controller (occupies two channels: snow volume and air speed). 3-pin XLR input and output for master/slave control. Output: up to 2000 cu/ft/min. Uses SNOWG snow fluid (not included). Great special effect for dance floors, theaters, plays, movies, more!
SM100DMX | List $399.00

Bubble Machine
Blow ’em away with bubbles! Our high output BBL1 Bubble Machine creates an effect that will add excitement to any show! Small and lightweight, it features a hanging bracket and convenient front fluid tank.
BBL1 | List $139.00

Mini Bubble Machine
A great small, inexpensive bubble machine that acts like a bigger bubble machine. Perfect for home and small party use! Features a sturdy plastic housing. Includes AC adapter or can use (2) AA batteries (not included). 90-day warranty.
BBL2 | List $55.98

Li’l Snow Blower Snow Machine
A full-powered snow machine in a compact light-weight plastic case. Impressive simulated snowflake output. Includes on/off remote on a 30 foot cable. Uses SNOWG snow fluid (not included).
SM1 | List $119.00

Pro Snow Fluid
SNOWG | Gallon | List $24.98

Bubble Fluid
BUBG | Gallon | List $19.98
BUBQ | Quart | List $9.98

**GLOSSARY**

**Scenes**
Scene lighting control allows for one or more lights to be controlled together and set to predetermined levels (on, off, or anywhere in between).

**Banks**
An electronic library where different scenes are stored.

**Chases**
Turns lights on and off in a sequence that make lights look like they’re “chasing” after each other.

**Faders**
Control the gradual increase or decrease in the level of light brightness in color.

**Channels**
Used to convey information from one or more sources to one or more sources.

**DMX**
Commonly accepted protocol used to link, controllers, dimmers, advanced fixtures and special effects devices such as fog machines and moving lights.

**Output Level**
Determines the amount of power given to affect the intensity of lights.

**3-Pin XLR**
An electrical connector design for balanced professional audio and video.

**Tap Sync**
Tap sync sets the rate of change between banks and scenes.

**Dimming**
Used to adjust the brightness of a light.

**Full-on**
All lights on.

**Blackout**
All lights off.

**Master/Slave Mode**
Allows a device or process to have undirectional control over one or more other devices.

**Bump Flash**
Push-button “momentary” switches that manually turns lights on while held down.
GENERAL INFORMATION & POLICIES

MBT LIGHTING’S LIMITED WARRANTY
MBT Lighting stands behind every product we sell whether manufactured by us or by others. MBT Lighting hereby warrants those products made by or for MBT to be free of manufacturing defects in material and workmanship for a period of one year (unless otherwise specified) from the date of purchase. Those products manufactured by others are warranted according to the specific warranty of each individual manufacturer and MBT Lighting assumes no responsibility on their behalf. MBT Lighting will accept for warranty service any product sold by us and will warranty such under the terms of the warranty stated herein. This warranty is null and void if the unit has been opened or tampered with, or if the serial number (when applicable) has been altered, changed or destroyed in any manner, if the unit or its function has been altered in any manner, if the unit has been repaired by an unauthorized source, if the unit has not been maintained as specified in the instruction manual with each unit, or if the unit has not been used as originally intended. Items not covered under this warranty include lamps/bulbs, fuses, brushes, belts, gels and other normal wear and tear parts.

CATALOG POLICY
We reserve the right to change prices and correct typographical errors.

ADDITIONAL INFORMATION
MBT Lighting is a leading manufacturer and wholesaler of lighting. We do not sell directly to consumers. To find a local MBT Lighting dealer please visit our website: http://www.mbtlighting.com/support.cfm. Frequently asked questions are answered and product manuals are available.
